How did the Thirteen Mukhi Rudraksha originate?

According to mythological beliefs, this Rudraksha originated with the blessings of Lord Shiva. It is considered to be a form of Lord Shiva and Kamadeva in particular. It is extremely useful for those who want love, attraction, and an impressive personality in life.

In physical terms, Rudraksha are the seeds of the Elaeocarpus Ganitrus tree, which is mainly grown in regions with spiritual heritage, including the Himalayas, Indonesia, and parts of Southeast Asia. In Sanskrit, 'Rudraksha' means 'Tears of Rudra' - a name for Lord Shiva. Ancient texts describe these beads as powerful spiritual tools that aid meditation, mental clarity, and well-being. The Rudraksha tree is found in high-altitude, tropical forests. Mainly found in Nepal, India, and Indonesia, this Rudraksha requires specific environmental conditions such as high humidity and moderate temperatures.
